

“The COMPASS Program aims to identify and support individuals experiencing initial episodes of psychosis through comprehensive life skills training, mental health symptom management, and educational and employment placement.”

2509 Scripture St. Suite 103, Denton, TX 76202

Contact: **940-312-3306**

Business Hours: **8 AM - 5 PM**

Who can participate?

- Residents of Denton County
- Between the ages of 15 and 30 years old
- Individuals experiencing any of the following symptoms starting within the past two years:
 - Unusual thoughts and behaviors
 - Paranoia/suspicion effecting behavior
 - Hearing or seeing things others don't
 - Reduction in daily functioning in personal, social, work, or educational life (as a result of the previous symptoms listed)

How can you participate?

If you are already in services with Denton County MHMR you may ask any of your current providers to help you in setting up a referral to the COMPASS Program.

If you are not currently enrolled in Denton County MHMR Services you may call the COMPASS Program directly to complete a short eligibility phone assessment during business hours.
